

ლითონის ფახტომვანი სავაი

სის ვიტხეჩი

სის აი (ნდოვრეჯეჩი)

A 3D architectural rendering of a building facade. The upper portion features a gabled roof with a grey, textured shingle pattern. A tall, tan-colored chimney with a dark top is positioned on the left side of the roof. A dormer window with a dark frame and blue shutters is set into the roof. Below the roofline, the building's facade is composed of light-colored, rectangular blocks. A large, multi-paned window is visible on the left side of the facade. The overall style is clean and modern, with a focus on geometric forms and textures.

A 3D architectural rendering of a modern building facade. The building features a light beige exterior with large, arched windows and a balcony with a decorative railing. The roof is dark grey with a textured, scale-like pattern. A small, dark, rectangular structure is visible on the roofline.
